Introduction

Attollo Construction Company's majority shareholder Mr. Mohamed Hussain (Mohamed Didi) took his first steps in the construction industry in 1985. Founding and leading a small construction group from Fuvahmulah, Mr. Mohamed Didi and his group quickly made a name for themselves as a reliable and highly efficient construction team specializing in construction and renovation of tourist resorts. Having gained trust from the industry, in 2005 Mr. Mohamed Didi and Mr. Waheed Ibrahim established a company named Jeena Contract Company to better accommodate to the changing demands and requirements of the construction industry in Maldives.

After successful 11 years with Jeena Contract Company, Mr. Mohamed Didi founded Attollo Construction in 2016. Lead and guided by Mr. Mohamed Didi with his more than 30 years of experience in the industry, Attollo Construction has successfully undertaken challenging projects with quality and efficiency being as their main objective. With a highly committed local and foreign workforce, Attollo Construction is continuing to achieve success in the construction industry under its motto 'building towards excellence'.
